Course Description:

In Year 9, students use visual language and artistic conventions of greater complexity during their design and production process. They document their ideas applying understanding of compositional structure to create a unique personal response, while representing either a theme/concept or subject matter. Students experience, adapt and manipulate materials, techniques, art styles/processes when producing 2D and/or 3D artworks which communicate artistic intention. Resolved artworks are displayed and evaluated, with consideration to personal expression and audience. Students extend their knowledge and use of safe visual arts practice.

Arts Ideas

Students generate arts works that communicate ideas.

Arts Skills and Processes

Students use the skills techniques, processes, conventions and technologies of the arts

Arts Responses

Students use their aesthetic understanding to respond to, reflect on and evaluate the arts
